

Hi Rick and Dayna

Thank you for making our party for Sarah and Robin so much FUN! While I don't think anyone had more fun than I did, we know that everyone had a great time and it all added up to a memorable day. The 2 musicians you added for the day were fabulous. I was laughing during the conga line, that no matter how much we said we didn't want to do a conga line...i guess deep down we really did! At least Sandy, Robin's dad did, and he is hard to resist!

You and your group absolutely put our joyous celebration over the top. I cannot overstate how delighted Mike and I were with the day and your huge part of it. Thank you for making the big effort and once again making a special day for us even more special and truly more fun. I think the Cloud's were a bit skeptical as to why we wanted to bring a band all the way from Michigan (can't blame them). But once they heard you they knew! After about five minutes Robin turned to Sarah and said "this would be a good time to say I told you so about the band"! The girls loved every minute. I personally and unfortunately could not get 'build me up buttercup' out of my head. Ha!

Thanks for making the effort to get to New York for our party, and then making the afternoon so fun. I can't imagine having a party without you, but right now I can't imagine having another party! In any event, Mike and I look forward to seeing you again, and thank you so very much.

I hope you have a fun, busy summer and I look forward to the next time our paths cross.

Susan
